

Santa Cruz County Fair 2024 Livestock File Upload Instructions

All market, breeding and dairy animal exhibitors will be asked to upload several documents during their online entry session. Other exhibitors will be notified via email of the forms they are required to submit at Check-In.

Exhibitor Documents

Please have the following forms ready to upload when you begin your entry submission:

Exhibitor Eligibility (requires leader/advisor signature for each division entered)
Release of Liability
YQCA Certificate

Forms are included in the entry guide and at [2024 Livestock Forms](#). You will also see other forms in the file. Please print, sign and scan the Exhibitor Eligibility and Release of Liability forms **ONLY** for this step. If you must take a photo of your form, please make sure that it fills the entire frame and has no shadows. All forms must be legible.

If you have not completed your YQCA course for this year's fairs, please do so as soon as possible. A copy of your YQCA certificate must be uploaded this year.

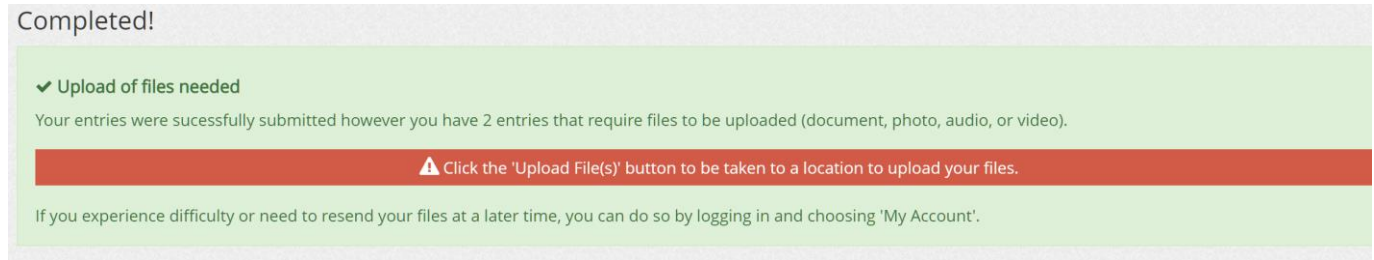

Upon entering your first division/class entry, you will get a message that says **“Upload attachments needed”**. If you select **“I don't want to do that”**, you will not be able to proceed. Select **“OK, Continue”**. A screen like this will be displayed. Note that the name of the form is shown above the blue Upload bar. **“Choose”** the correct file from your device and click on the Upload button. Continue through all three required forms. Once all three forms have been uploaded, click on the **“Done”** button. You will not be able to proceed past this point without uploading the forms.

The screenshot shows a web interface for file uploads. At the top right, there are 'Cancel' and 'Done' buttons. The main area contains two upload sections. The first section is titled 'Please submit your Exhibitor Eligibility Form in this upload box:'. It features a blue 'PDF' button, a 'Choose File' button, a file name 'XXXXXXXXXX.pdf', and an 'Upload' button. Below this is a progress bar showing 100% completion, with a speed of 275.66KB/s and a time of 00:00:00. A 'Upload Complete' button is visible below the progress bar. The second section is titled 'Please submit your Release of Liability in this upload box:'. It features a blue 'PDF' button, a 'Choose File' button, a file name 'YYYYYYY.pdf', and an 'Upload' button. Below this is a progress bar showing 100% completion, with a speed of 291.07KB/s and a time of 00:00:00. A 'Upload Complete' button is visible below the progress bar.

Add the entry to your cart and continue adding entries as necessary.

Division-Specific Forms

If the division you entered requires additional forms, you will see a message box like this once you check out.

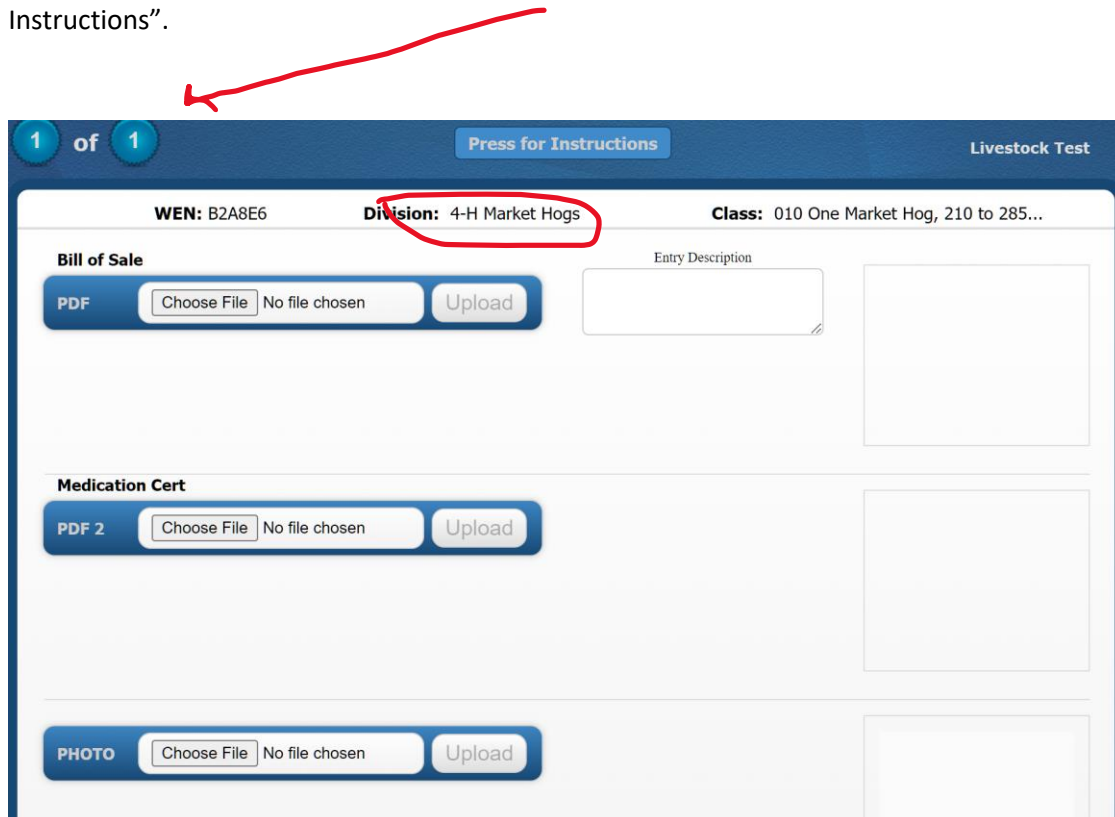

Market animal entries require

- 1) a bill of sale, other proof of ownership or the Bred and Fed Proof of Ownership if you raised your animal yourself.
- 2) a Declaration of Medication form.

Breeding animal entries require registration papers for purebred animals and proof of ownership for unregistered animals. Note the presence of a Photo upload bar. Photos will be used for market animals in the online auction system for add-ons only this year.

If you have entered more than one species or division, note the name of the division at the top of the screen. Also note that the upper left corner shows "1 of X." If X is 2 or more, you'll need to click on the number on the right to walk through each entry that requires forms. An instructional video is available if you "Press for Instructions".

If you don't have all of the required, division-specific forms at the time of entry, you can come back into the system to upload them later, but they must be uploaded by August 22. If you wish to have a photo visible to buyers when doing add-ons, the photo must be uploaded by August 22. Photos are optional but encouraged.

Uploading Forms in Another Session

When you log into your account, you'll see this message. Click on the grey View/Print button to add more forms.
