

Rodgers House Committee meeting, January 27, 2016

Members Present; Sue King, Trisha Kett, Connie Hernandez, Diane Cooley, Kennette Roberts and Loretta Estrada.

The meeting was a working meeting, Connie had arrived at noon and started working in the yard, we took down all the Christmas decorations and later in the afternoon we cleaned the house and continued to work in the yard till 4:30. The place is in good shape now for an early spring or just whatever happens.

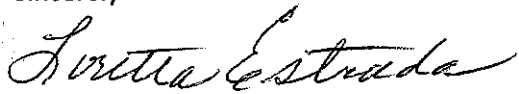

I had attended a meeting at 12:30 with some of the Heritage members regarding the upcoming event at the 2016 fair. They are planning on raising the dues to the members, hoping to get a lot of \$500.00 donors. For their donations they want to put up a tent on the Rodgers House patio and have a place for the donors to go, relax and had some refreshments.

At our meeting I talked about the HF and wondering if we wanted to open the house each night and have the donors in the house instead of the tent. But all of the committee members did not agree about the price of \$500.00 per person. Diane was very vocal, stating people come from all over the area to see our fair, having an elite area she feels this does not reflect an authentic good will among the community. Trisha really felt this decision was a board decision and not one that reflects good will among the Pajaro Valley.

We talked about Fairs at King City, Monterey, and Paso Robles and what they do, but what I heard was BUT "this is the Pajaro Valley". I stated there would still be the different levels of membership person can pay to belong to the organization, which includes fair passes and bonuses. After much discussion the committee decided we had our hands full during fair time with tours and we would not be able to have the house open each night and going back to the tent idea is up to the HF.

Since we are just a committee we decided on whatever the HF does is their business not ours. The meeting was over and we went back outside to do more yard work.

Sincerely

A handwritten signature in cursive script that reads "Loretta Estrada".

Loretta Estrada

Chairman

Rodgers House committee meeting

February 24, 2015

Members present, Kennette Roberts, Trisha Kett, Mary Travis, Connie Hernandez, and Loretta Estrada. Some of the ladies were out working in the yard before and after the meeting.

The main discussion was the upcoming Crab Feed, Trisha will not be able to work this year like she has in the past, she will be babysitting her grand children but will work the day before the event.

Sue is out of town, she is also babysitting her grand children! Her mother passed away this week and we passed around a card to sign and send to her.

Several things were brought up regarding last month's meeting and the HF, but I feel we all agree we will not be involved in the decisions of the board. We have our hands full keeping the house and yard up.

We discussed the possibility of us doing a day outing some place again this year, it has been 2 years since we went on an adventure. Kennette will look into finding something for us to do within the next few months.

Also the Casserly Hall Board of Directors wants to get the building on the Historical List like we have the Rodgers house, Kennette looked at the name on the plaque and it is from the Museum and Arts and History. I will contact them and see if we can help in the achievement of getting the old building on the Historical places in Santa Cruz County.

We ended the meeting and went back outside to do some more yard work. The weeds are growing as well as the plants; the gophers are killing some of the plants as well.

Sincerely,

Loretta Estrada
